Maybe her eyes will shine tonight
maybe she'll dress up and look as good as ever
I wish I lit the match that burns in your eyes
I wish I sparked the fire that warms your heart

actually I didn't do anything, I wasted your time
then when she said just go away forever
I don't want to see your face again
maybe I'll just close my eyes and dream
I'll wish myself so far from her
maybe I'll try to start my life over
I'll probably just sleep it off instead

actually I didn't do anything at all
wasting your time I just wasted all your time
wasting all your time
