Have faith in me
'Cause there are things that I've seen I don't believe
So cling to what you know and never let go
You should know things aren't always what they seem.

I said I'd never let you go and I never did
I said I'd never let you fall and I always meant it
If you didn't have a chance then I never did
You'll always find me right there again

I'm going crazy
'Cause there are things in the streets I don't believe
So we'll pretend its alright and stay in for the night
Oh what a world
I'll keep you safe here with me

I said I'd never let you go and I never did
I said I'd never let you fall and I always meant it
If you didn't have a chance then I never did
You'll always find me right there again
I said I'd never let you go and I never did
I said I'd never let you fall and I always meant it
If you didn't have a chance then I never did
You'll always find me right there again

They've got me on the outside lookin' in
But I can't see at all
With the weight of the world on my shoulders
They just wanna see me fall
They've got me on the outside lookin' in
But I can't see at all
With the weight of the world on my shoulders
They just wanna see me fall

Have faith in me

I said I'd never let you go and I never did
I said I'd never let you fall and I always meant it
If you didn't have a chance then I never did
You'll always find me right there again
I said I'd never let you go and I never did

I said I'd never let you fall and I always meant it
If you didn't have a chance then I never did
You'll always find me right there again

I said I'd never let you go and I never did
I said I'd never let you go and I never did
I said I'd never let you go and I never did
I said I'd never let you go and I never did
