Let's go!

In the beginning I was upfront  
Nothing to think about, you'd always hear me out  
We made a pact and never gave up

When everything would change we'd always stay the  
same  
But something went wrong along the way,  
You come around and there's nothing left to say  
Its like we're strangers anyway  
What more could you ask of me

It's been a long time coming  
But everyone's gonna hear me now

If I leave bet you'll wish I stayed  
Make you regret all the things you said to me  
You know that time can't help us now  
If I leave this, if I leave this way

I've always been a man of action  
Never let anything keep a hold of me  
Could always tell when something's missing  
Like I know everything, except for you and me  
I can't make you want to stay  
God know's I tried, but this broke under our weight  
I still gave it everything  
I guess I'll never catch my break

It's been a long time coming  
But everyone's gonna hear me now

If I leave bet you'll wish I stayed  
Make you regret all the things you said to me  
You know that time can't help us now  
You know that time can't help us now  
If I leave I'll still move away  
And try to right all the wrongs we ever made  
Won't let your problems weigh me down  
If I leave this, if I leave this way

Never thought you'd be the last one standing  
Never thought that we would come this far  
You'll always be there looking over my shoulder  
I've come to terms with exactly what we are

Never thought you'd be the last one standing  
Never thought that we would come this far  
You'll always be there looking over my shoulder  
I've come to terms with exactly what we are

If I leave bet you'll wish I stayed  
Make you regret all the things you said to me  
You know that time can't help us now  
You know that time can't help us now  
If I leave I'll still move away  
And try to right all the wrongs we've ever made  
Won't let your problems weigh me down  
If I leave this, if I leave this way

Never thought I'd be the last one standing  
Never thought that we would come this far  
You'll always be there looking over my shoulder  
When I leave this, when I leave this way
