Don't blink, they won't even miss you at all,  
And don't think that I'll always be gone.  
You know I've got you like a puppet in the palm of my  
hand.  
Don't you let me down!

So run like hell,  
Sleep with one eye open,  
You can forgive or forget,  
You will tell everyone the damage done,  
Too bad you can't stop me.  
You can't stop me now!

I'll be there just to watch you fall,  
So don't push me. I got nothing to lose.

Don't blink, they won't even miss you at all,  
And don't think that I'll always be gone.  
You know I've got you like a puppet in the palm of my  
hand.  
Don't you let me down!

There I go again,  
I made it so damn hard to come back from the mess  
that you're in.  
I need you to know, told you so.  
You're a snake, and I'm cautious,  
Just use your head.

I'll be there just to watch you fall,  
So don't push me. I got nothing to lose.

Don't blink, they won't even miss you at all,  
And don't think that I'll always be gone.  
You know I've got you like a puppet in the palm of my  
hand.  
Don't you let me down!

Don't blink, they won't even miss you at all,  
And don't think that I'll always be gone.  
You know I've got you like a puppet in the palm of my

hand.  
Don't you let me down!

Come on!

\*Ahem\*

Everybody's out to get me.  
Any moment could be my last.  
This is me, you can take it or leave.  
Right or wrong, I will stand on my own two feet.  
Just breathe.  
Just breathe.

Don't blink, they won't even miss you at all,  
And don't think that I'll always be gone.  
You know I've got you like a puppet in the palm of my  
hand.  
Don't you let me down!

Don't blink, they won't even miss you at all,  
And don't think that I'll always be gone.  
You know I've got you like a puppet in the palm of my  
hand.  
Don't you let me down!

Oh!
