Somebody give me a sign that everything is going as  
planned,  
and then everything falls away into the darkness of this  
shallow place.

The detail is striking, the room's cold and frightening.  
You'll kick and you'll scream.  
You'll try everything to survive, but you should know  
your fate by now.

They told me how I should be,  
but I broke the mold somehow!

It's too late, too late.  
You keep trying to resolve the past right now.  
But I swear I'll be the one to let the world know what  
you've done to me.

You, you know you gotta assert yourself,  
leave what you need for now.  
It's not the time or place you're searching for.  
All I can give them is my worst of intentions.  
You're nothing to me,  
and everyone can see you're life's a lie.  
There's nowhere left to hide.

They told me how I should be,  
but I broke the mold somehow!

It's too late, too late.  
You keep trying to resolve the past right now.  
But I swear I'll be the one to let the world know what  
you've done to me.

Watch your back, you'll lose yourself!  
This is a battleground!

When will they know?  
Your life's a lie.

It's too late, too late.  
You keep trying to resolve the past right now.

But I swear I'll be the one to let the world know what  
you've done to me.

It's too late, too late.  
You keep trying to resolve the past right now.  
But I swear I'll be the one to let the world know what  
you've done to me.

They told me how I should be,  
but I broke the mold somehow!
