this is my vengeance for all the wrongs  
you've formed against us  
you always get me wrong  
my whole existence revolves around the progress that  
we've made  
i'll never be walked on again

i'm on the edge of the rooftop  
thinking nobody will ever know  
i hope that you'd want to be the one to see  
the distance from the road

this is our triumph over all the forms of filth you've  
spread  
well never let this go  
right from the very start i knew this day would come  
tonights the night we silence you  
there's nowhere left to run

let this be your reminder  
i'm everything that you wanted to be  
hope for the best but it's over  
and you thought you were better than me

such a pretty picture  
your chalk line on the ground  
i hope you die
