

Day To Remember, A "Sticks & Bricks"

I am fueled by all forms of failure
I paid the price, so I'll take what's mine

Bet ya didn't see that one comin'
Cause I do as I please, and apologize for nothing
My time is flying , but I'm still second to none
Always shining the brightest, when I'm placed under
the gun
(GOD DAMN!)

So here I stand, the only son of a working class man
I won't be held back
I can't be held down

Where were you, when my walls came falling down?
(They came falling down)
You tried to hide, you stood close by
And didn't make a sound!
(Say something!)

Find you some paper, and I'll go grab you a pen
You can start taking notes, on how this all started again
Been dead last but found my way to the front
With my inspirational quotes on why I never gave up

Where were you, when my walls came falling down?
(They came falling down)
You tried to hide, you stood close by
And didn't make a sound
Where were you, when it all came back around?
(It comes back around)
The reasons why you passed me by
Will always hold you down.
(Say something!)

If you can't stand the pressure
Stay the fuck out of my way
I know my place
This one goes out to everyone who's lied to my face
MY HEART IS FILLED WITH HATE

I'm making a difference
I'm taking a chance
You can say what you want about me
But no one can tell me I can't

Where were you, when my walls came falling down?
(They came falling down)
You tried to hide, you stood close by
And didn't make a sound
Where were you, when it all came back around?
(It comes back around)
The reasons why you passed me by
Will always hold you down

SAY SOMETHING!
