so now you'll know exactly what it feels like  
to be an obstacle in my way  
you won't remain  
you won't remain

save your breath don't even speak  
if you'll speak of change  
cause you wont  
you won't  
cut to the chase  
spare the lecture on what it takes to make a man  
cause you're weak and i'm strong

i will never falter  
i'll stand my ground  
you're fake, a worthless coward  
you'll never be anything

i will never falter  
i'll stand my ground  
you're fake, a worthless coward  
you'll never be anything

so now you'll know exactly what it feels like  
to be an obstacle in my way  
you won't remain  
you won't remain

lets set things straight  
what's done is done  
i never needed you  
tell me exactly who you think that you're kidding?  
everyone will be happy when they find that you're  
missing  
you asked if we'd ever forget you  
we've got our fingers crossed  
our fingers crossed

that's the danger in starting a fire  
you'll never know how many bridges you'll burn

that's the danger in starting a fire  
you'll never know how many bridges you'll burn
