Don't get me started on what it means to be alive
You're lying to yourself and then still you act surprised
Cause you're scared, can't come to terms with what
you are
The wolves in sheep's clothing will only lead you so far

You'll wait, and they'll go
Cause in the end we all end up alone
So just wait, you'll know

Forget everything just for tonight
We'll sing like everyone when their alone
Cause I've been waiting for tonight to sing whoa (whoa)

I rely on myself just making sure that was clear
I'm not in need of your crutches
I've faced all my face fears
and I won what I knew I could have
Life is not a punch card
Make the best of what you have

But don't wait, just go
And when you find yourself please let me know
It's not too late, just let go

Forget everything just for tonight
We'll sing like everyone when their alone
Cause I've been waiting for tonight to sing whoa (whoa)

Let's believe that if we all stand together
We're a force that can shake the whole world
For once I'm doing something right when we sing whoa
(whoa)

In the end it's not about what you have
In the end it's all about where you wanna go
and the roads you take to get there
I hope you think that's fair
Cause you've only got one life to lead
So don't take for granted those little things
Those little things are all that we have

Forget everything just for tonight
We'll sing like everyone when their alone
Cause I've been waiting for tonight to sing whoa (whoa)

Let's believe that if we all stand together we're a
force that can shake the whole world
For once I'm doing something right when we say whoa
(whoa)

(I say whoa whoa whoa whoa)

Can't forget everything

Cause I've been waiting for tonight to sing whoa (whoa)
