My dear, I fear we've been runnin' round in circles

Oh, and it's killin' me

My dear, I fear we've been runnin' round in circles

But now I'm comin' clean

This is what we both need

We both need some time apart

Baby please, no don't, don't start

Anything, cuz we're fallin' apart

It's not you or me,

It's just who we are.

My dear, I fear we've been runnin' round in circles

And it's killin' me

My dear, it's clear we've been living in two different  
worlds

Now lets both come clean

Lets both come clean

We both need to take a break

Baby please, for both our sakes

Anything, I know what's at stake

Like two crashing cars

It's just who we are

It's not the first time

And it won't be the last

We're both suckers for a second chance
