There were a thousand suns that burned,  
In the city of my eyes.  
But I couldn't hold on to her  
It's a matter of fact, It's a matter of fact.

(Chorus)  
But I can taste your lipstick slowly melt away  
And I don't wanna miss it  
Oh Oh  
Bright lights and broken crosses  
Count our wins, forget our losses  
Open up our eyes, won't look back again  
Open up our eyes...

I heard a thousand promises, but hardly a warning  
I think I spend more time on the ground, than on two  
feet walking

(Chorus)

I wanna feel something  
I wanna feel something real  
I wanna feel something now  
(x2)

Come on, come on  
Come on, come on

(Chorus)

Fly down the interstate  
Passing all the cars, all the pretty faces  
Open up our eyes, won't look back again  
Open up our eyes...

I wanna feel something  
I wanna feel something real  
I wanna feel something now

Come on, come on, come on, come on  
(x4)
