I was down on the floor  
Why get up  
Just to take more?  
I was down  
I was down  
Down and out  
I know what life was all about  
Being down and out  
Why did you think that I was lying  
When I said I can't go on?  
I'd had enough of trying  
Everything had gone  
I have felt every blow  
All the pain I need to know  
I think I know enough  
Enough to know  
If I was wrong, so were you  
And there was nothing I could do  
Do to make it right  
And make it through  
Why did you think that I was lying  
When I said I can't go on?  
I'd had enough of trying  
Everything had gone
