In my young life I have received  
Callers as though they were Christmas Eve  
Disappointed and I don't know why?  
She gave me laughter and hope  
And a sock in the eye  
(A love like this is sealed with a kiss)

In my young life and I know something now  
I've never tried to create a wow  
Wows are few frustration more common  
Now I can feel it in my soul  
That's why I gave the come on

Kiss me with your mouth  
Your love is better than wine

Kiss me with your mouth  
Your love is better than wine  
But wine is all I have  
Will your love ever be mine?  
(A love like this is sealed with a kiss)

Faces fall before my feet  
Like blood onto a clean white sheet  
When I grow old I won't forget  
To innocence my only debt

Wow, I feel so fresh today  
Barefoot in the snow, to make love in the hay  
The stars are bright in the abyss  
Now I can feel you in my arms  
I explode inside your kiss

Kiss me with your mouth  
Your love is better than wine  
But wine is all I have  
Will your love ever be mine?

Kiss me with your mouth  
Your love is better than wine  
But wine is all I have  
Will your love ever be mine?

Kiss me with your mouth  
Your love is better than wine  
But wine is all I have  
Will your love ever be mine?

Kiss me with your mouth  
Your love is better than wine  
But wine is all I have  
Will your love ever be mine?
