[intro;main lead guitar melody]

[Verse 1]

Often times I say how blue I feel,
of the strangled yearn for you-
if only you were my love

After years of seperation,
I await for your news.
Who knows the odds
of where you are,
oh my Dear

[main lead guitar melody]

[bridge]

Drifting, my eyes wide shut
Startled from my dreams,
hoping for passion to sail on course.
Not willing, but I let you go.
You left with my anticipations,
to bring the pure love.
I am the one whose waiting.

[chorus]

Love! Wherever you are?!
I desire your presence,
only if just a second.

Wo-ah Wo-ah,
Love! What you don't feel,
is what I feel-

After you left...

Alone, I reminisce of you.

[lead guitar solo]

[bridge]

Drifting, my eyes wide shut
Startled from my dreams,
hoping for passion to sail on course.
Not willing, but I let you go.
You left with my anticipations,
to bring the pure love.
I am the one whose waiting.

[chorus]

Love! Wherever you are?!
I desire your presence,
only if just a second.

Wo-ah Wo-ah,
Love! What you don't feel,
is what I feel-
After you left.
Alone, I reminisce of you.

[outro; main lead guitar melody]

Me and my wife would like to dedicate this to Dede Kosawa.
