Beat stress and rebalance your life
Make those dreams come true
Impress all your colleagues and friends
With the brand new you
So many lives condemned for no need
'Cause people don't buy the right magazine
Take a look in the mirror and see
Exactly how worthless you are

In a rut? Can't get out? Don't know why?
It's time to make that change
Cover up all the pain in your life
With our new product range
So please don't feel blue - let us show you how
To talk yourself into a good mood right now
Feeling sad is no longer allowed
No matter how worthless you are

And if your life depresses you
Just live it through your favourite movie star

Beat stress and rebalance your life
All you need to do
Is forget all the useless advice
And live your life for you
Don't let them sell you impossible dreams
Don't be a slave to the beauty regime
Look again in the mirror and see
Exactly how perfect you are
