Baby, I know you're a sleep but I have to let you know, that I'll be here when you need someone to talk to and when I look into your eyes my heart skips a beat, I've made up my mind, Baby, anchors away, I wanna stay here with you, baby right on the coast of California-i-a. Cause when you're by my side I feel like I can fly I'm sick of wasting time. I need to make you mine. I need to make you mine, baby I'll call you tonight cause when I hear your voice softly talk me to sleep i know i made the right choice and when I see you with a smile i get butterfly's. I've made up my mind, baby anchors away, I wanna stay here with you, Baby right on the coast of California-i-a. cause when you're by my side i feel like i can fly I'm sick of wasting time, I need to make you mine, I need to make you mine. Anchors away. I wanna stay here with you right on the coast of California-i-a. cause when you're by my side i feel like i can fly. I need to make you mine
