Jenny, Jenny you're a mystery girl  
Tell me tell me how you could be so  
Fresh, fly and divine  
Jenny, Jenny won't you take my hand and  
Put it on the top and hold me but stay  
Fresh, fly and divine

You always walk away and then I scream your name  
Jenny, Jenny, won't you stay?  
I never did a thing for you  
And now I'm begging back for you  
Just yesterday  
I was throwing rocks up at your window  
And little did I know  
That you packed your bags  
Got out of town  
And didn't tell a soul about it  
But maybe that's what's best for me

Someone tell me how I couldn't see this  
You had me running and I couldn't breathe when  
You weren't by my side  
The sun is setting and it's getting colder  
I wish I would've known about it way before  
But you're still by my side

You always walk away and then I scream your name  
Jenny, Jenny, won't you stay?  
I never did a thing for you  
And now I'm begging back for you  
Just yesterday  
I was throwing rocks up at your window  
And little did I know  
That you packed your bags  
Got out of town  
And didn't tell a soul about it  
But maybe that's what's best for me

Jenny Oh Oh(4xs)

Jenny Jenny she's a pretty picture  
Just like the moonlight

You cannot miss her

Jenny Oh Oh (2xs)

You always walk away and then I scream your name  
Jenny, Jenny, won't you stay?  
I never did a thing for you  
And now I'm begging back for you  
Just yesterday  
I was throwing rocks up at your window  
And little did I know  
That you packed your bags  
Got out of town  
And didn't tell a soul about it  
But maybe that's what's best for me
