It's College time again
September's almost here
Hanging with freshmen girls
Frat party kegs of beer
I see a girl I'm wanting
Mixer at delta chi
We take some oxycontin
Dave matthew gettin' high
And then as I undress her
And start my stimulus
She says but wait professor
This wasn't on the syllabus
I'm the bad professor
I'm the bad professor
A tenured titty caresser
I'm a bad, bad man
Tutor her at my apartment
Turns into a slow dance
Hey baby, what's your minor I've got your major in my
pants
I've got your student body
She wants a better grade
I say if you roll over I'll throw in financial aid
I hope you've boned up for your midterm
If you want, I can help you cram
Don't give a shit about the essay
So let's skip it and get to the oral exam
I'm a bad professor
That's a blow job reference
I'm a bad professor
Your money's on the dresser
I'm a bad, bad man
