I don't even know  
I've never felt this way before  
But with someone like you  
It makes sense  
And I don't wanna' go  
I'll stay with you forever just  
as long as you love me too

Just as long as you love me too

[Chorus]

It's the way that you talk  
and the way that you smile  
and the way that you love black and white  
Baby, it's the way that you hold my hand in the car  
and the way that we lie in the sand

It's not that hard to see  
that a single day without you could  
Make me go crazy  
It takes my breath away  
It gives me butterflies  
When you hold me when you sleep  
When you hold me in your sleep  
I never want to leave

[Chorus]

It's the way that you talk  
and the way that you smile  
and the way that you love black and white  
Baby, it's the way that you hold my hand in the car  
and the way that we lie in the sand

And we watched the sun go down Woah.  
Woah, Woah, Woah.

[Chorus]

It's the way that you talk  
and the way that you smile  
and the way that you love black and white  
Baby, it's the way that you hold my hand in the car  
and the way that we lie in the sand

And we watched the sun go down
