(Stephen:)

I wait for

The day we meet again

The time is going by so slow I just need to go

And be with you.

There's nothing else I'd rather do

Than get away from everyone and start a new li-i-ife, li-i-ife

(Chorus:)

With you I'd stop everything I do.

I'd put all my faith in you.

I'd go anywhere just to see you there with me.

I've never had this feeling

And you keep me believing that with you, all my dreams are coming true.

(Dylan Lloyd:)

All I see is you in every beam of light

That shines on me, girl you are all I'll ever need,

I love you

And I know that you love me you

And you that I am ride or die with you.

I'll always be tru-u-ue, tru-u-ue.

Yea

(Chorus:)

With you I'd stop everything I do.

I'd put all my faith in you.

I'd go anywhere just to see you there with me.

I've never had this feeling

And you keep me believing that with you, all my dreams are coming true.

(Stephen:)

This will last forever I'm so sure.

Never could want more.

Can't wait for what the future has in store.

We will be together till the end.

Not hard to comprehend.

Can't wait for what the future has in store.

(Chorus:)

With you I'd stop everything I do.

I'd put all my faith in you.

I'd go anywhere just to see you there with me.

I've never had this feeling

And you keep me believing that with you, all my
dreams are coming true.
