{Spoken}

This for all the ladies...

Ya might wanna save those "woo"s

{Sung}

I kissed you on the cheek

Good night my love I say

You turned to me and smile

A babys on the way.

And then you drift asleep

To dream of life anew

And I lie wondering

Just what I should do

I could kick you in the stomach

And catch you unawares

I could swear to God you accidently

Fell that flight of stairs

When I tell you that I love you

I will look you in the eye

As I slowly slide the hanger up your thigh.

{Spoken}

I'm so sorry!

I can't believe I just said that!
