It's College time again  
September's almost here  
Hanging with freshmen girls  
Frat party kegs of beer  
I see a girl I'm wanting  
mixer at delta chi  
we take some oxycontin  
dave matthew gettin' high  
and then as I undress her  
and start my stimulus  
she says but wait professor  
this wasn't on the syllabus  
I'm the bad professor  
I'm the bad professor  
A tenured titty caresser  
I'm a bad, bad man  
Tutor her at my apartment  
turns into a slow dance  
Hey baby, what's your minor I've got your major in my  
pants  
I've got your student body  
She wants a better grade  
I say if you roll over I'll throw in financial aid  
I hope you've boned up for your midterm  
If you want, I can help you cram  
Don't give a shit about the essay  
So let's skip it and get to the oral exam  
I'm a bad professor  
that's a blow job reference  
I'm a bad professor  
Your money's on the dresser  
I'm a bad, bad man
