Just when I thought everything was good,
Friend a case I misunderstood
Thought that we had mutual respect,
Now I see the thanks that we get,
So be careful who you chose as your friends,
For they might let u down in the end,
Just when I thought a real good friend I found,
They pick you up to let you down

Dem let u down down down,
They let you down down down down,
Dem let u down down down,
Down down down down down

So my son always care in mind,
A faithful friend is hardest thing to find,
It is better an open enemy,
A false friend is hardest thing to see
Cause when times are good well are friends are plenty
In times of trouble when not one in twenty,
Just when I thought a real good friend I found,
They pick you up to let you down

We were fiends, we were fiends,
Real good fiends, we were fiends,
We were fiends, we were fiends and I remember
when...

Just when I thought everything was good,
My friend a case I misunderstood,
Thought that we had love and respect,
But now I see the thanks that we get,
So i'm careful who I chose as my friends,
For they might let me down in the end,
Just a thought, when I thought, when I thought

Dem let u down down down,
Dem let u down down down,
Dem let u down down down,
Down down down down down,

They let u down down down,
Dem let u down down down,
Dem let u down down down,
Down down down down down,

We were fiends, we were fiends,
Real good fiends, real good fiends,
We were fiends, we were fiends,
And I remember when we were good friends, real good
friends
