She caught my eyes from across the room
So tantalized by the way that she moves
Yo, mister DJ, give her a chance
Don't stop the music, please, let her dance

Wink and a smile now she's dancing for me
All this attention, yo, what could this be?
Yo, tell the DJ, play that again
Play that same music so she can

Dance dance, dance dance, dance dance, dance
dance
Dance dance, dance dance, dance dance, cho

Now she was grooving on the dance floor
Way that she moved I was wanting some more
Yo, mister DJ, give her a chance
Don't stop that music, please, let her dance

Wink and a smile, she was dancing for me
All this attention, yo, what could this be?
Yo, tell the DJ, play that again
Play that same music so she can

Dance dance, dance dance, dance dance, dance
dance
Dance dance, dance dance, dance dance, dance
dance

Oh yeah, I'm chill as a villain, you nillas is grillin'
'Cause they wanna dance but they couldn't get her
attention
Listen, she's sick with the rhythm, twists her hips into
different positions
And ain't spilled the drink that she's sipping

Got a cute face, slim waist and pretty bow legs
M'a I'll give it to you the day you gimme the go ahead
Oh yeah, it's the kings in the building
Ghetto Youths representing for the women and
children

See, I caught his eyes from across the room
He's tantalized by the way that I move
Yo, mister DJ, give us a chance
Don't stop the music, please, let us dance

Ooh, I could tell, he was smiling at me
All this attention now what could this be?
Hey, mister DJ, play that again
Play that same music so we can

Dance dance, dance dance, dance dance, dance
dance
Dance dance, dance dance, dance dance, dance
dance

She caught my eyes from across the room
So tantalized by the way that she moves
Yo, mister DJ, give her a chance
Don't stop that music, please let her dance

Wink and a smile now she's dancing for me
All this attention, yo, what could this be?
Yo, tell the DJ, play that again
Play that same music so we can

Dance dance, dance dance, dance dance, dance
dance
Dance dance, dance dance, dance dance, dance
dance

Dance, dance, dance
