Break The Public Peace by De Havenzangers  
We've got to break the public peace  
Force those suckers down to their knees  
We've got to make them fuckin' show  
That suit and tie guy can't play with us, oh no

We've got to stick together as one  
Our fight ain't over, it has just begun  
We've got to break the public peace  
To save the ones we love, the kids, the trees

So tell your mommy you won't be home for dinner  
And tell your daddy you will do what he was too scared  
for  
The fight for freedom within yourself  
Don't rely on others, it's your choice  
and no one else's  
No one else's  
No one else's  
No one else's  
No one

We won't cut our hair to get a job  
We won't act macho to become a cop  
We won't suck your dick to be in your scene  
We won't wear a suit if that's what you call clean

We've got to let them hear our voice  
If we want to survive, it's the only choice  
We've got to go back to the basics of nature  
To discover we're a hell of a creature

So tell your mommy you won't be home for dinner  
And tell your daddy you will do what he was too scared  
for  
The fight for freedom within yourself  
Don't rely on others, it's your choice  
and no one else's  
No one else's  
No one else's  
No one else's

No one

Go find yourself another dork  
Go find yourself another dork  
Go find yourself another dork  
Go find yourself another dork

Break it, Break it, Break it, the public peace!  
Break it, Break it, Break it, the public peace!

Get out on your knees
