Verse 1

Making up breaking up all the time
I keep leaving and loving my valentine
Hanging up and calling

Laugh or cry what am I supposed to do
Run away should I stay close to you
I get on up, keep falling

Bridge

Sweet Lord that's my baby
Turn around and walk away
I don't know shorty so tell me why
You build and then you break me
Sweet Lord that's my baby
Hate to love and love to hate
Suicide, dynamite wrong and right,
This is how you make me

Chorus

Feel so alive
Feel so alone
I don't know why
Girl I'll never know
You're warm like a fire
You're cold like a stone
Keeping me on (x2)

Verse 2

Nobody's meant to be by themselves
But I don't think I can apply love so well
I'm inside out entire
Misery, harmony dusk till dawn
right or wrong I'm a be keeping on
Can't put out this fire

Bridge

Chorus

Verse 3

The more you don't
The more I try

What's it take to satisfy
Are you in or out my life
I've had enough (Enough's enough now)
Girl you put this spell on me
Say the words and I will leave
Standing up to on my knees
Girl this is how you make me...
About ready to blow this up now x8
Chorus
