Let me touch
Put your body next to me baby
Get your ass inside and let's ride
Caliente chica rica
Superfreak, Superteaser
Afterparty next and then maybe
To my casa if you don't mind
Don't leave me curious, when you gonna' let me touch?
It's gettin' late while we conversate she gets flirty
I said:I'll play it cool, if u want me to, I'll get dirty
She said I don't mind to play your game, I'm not
ashamed cause I've been there
Your place or mine, out in the rain, baby what's your
name, let's do it right here
Chorus
Still got the time to change my mind, should I go there?
I try to think, 4 about a blink, then say oh yeah
She gets the coats I get the bill , and then we chill from
the party
And if u don't know then here's the deal while the night
was still we were naughty
Chorus
