Boys and girls front, back
Raise 'em up like that
Murda on this track
Make ya go clap, clap

Girl I've been waiting on the side,
I've been watchin' you
And I didn't come to waste your time
Like the playboys do

I know they've got the fancy rides,
Like some people choose
What will it take to make you mine,
Let me move with you

If you want it to get louder
If you want it to get louder
What u want, what's it gonna be
Put your body on it work it like a freak

Oh I love the way you shine
Girl you're so lovely
A lot of trouble in this life
Baby promise me

Don't let the wickedness inside
Keep the feeling free
You know I got you all the time
Sing the song with me:

If you want it to get louder
If you want it to get louder
What u want, what's it gonna be
Put your body on it work it like a freak

Boys and girls front, back
Raise 'em up like that
Murda on this track
Make ya go clap, clap

I never felt this way before

I can't let you pass
A lot of boys they hit and go
Girl I'm not like that

But now you've got me in that mode
And the dancefloor's packed
Now let me take you through the motions
DJ bring it back
