Know the lies so you can recognize the truth
Close your eyes cause' they have only lied to you
I've been around believe me I can feel your blues
And give you love, my love is your love

Love's that power that's been trying to override your
brain
Until the final hour when everybody want's to change
You might win and you might loose I'ts just the same
But you're gonna need some love

Loose your money loose your fame, now can you tell
me:

Who is gonna give you love
Who is gonna give you love

Someone's gonna lead the way if you don't go
Someone's gonna tell you how if you don't know
But who is gonna lift you up when you're below
And give you love, (my love is your love)

Some forget until they've satisfied their greed
That disillusion is a hungry mouth to feed
Money gives you everything you'll ever need,
You believe, and wanna be decievedâ€¦

But who is gonna give you loveâ€¦.
