With Manassas

Don't look now
Don't heed the warning
It's really of no concern

Don't mind the sound
They're only just bombing
Anything left to burn

Isn't it about time
Isn't it about time we learned
Isn't it about time
Isn't it about time we learned

Fire flood familiar famine
The jungle so far away
Blood baked into blackened soil
How many tons a day

Isn't it about time
Isn't it about time we learned
Isn't it about time
Isn't it about time we learned
Isn't it about time
Isn't it about time we learned
Isn't it about time
Isn't it about time we learned

Why
Does it have to take so long
Is it easy not to care
Seems to me that
Enemies are fantasies
Somebody else's living nightmare

Who gonna live
Who gonna die
Do you want to know

Does it give you

A sense of power
To say yes or no

Isn't it about time
Isn't it about time we learned
Isn't it about time
Isn't it about time we learned
