I look at her and have to smile  
As we go driving for a while  
Looking nowhere in the open window of my car  
And as we go the traffic lights  
Watch them glimmer in her eyes  
In the darkness of the evening

And I've got all that I need  
Right here in the passenger seat  
Oh and I can't keep my eyes on the road  
Knowing that she's inches from me

We stop to get something to drink  
My mind pounds and I can't think  
Scared to death to say i love her  
Then a moon peeks from the clouds  
Hear my heart that beats so loud  
Try to tell her simply

That I've got all the I need  
Right here in the passenger seat  
Oh and I can't keep my eyes on the road  
Knowing that she's inches from me  
Oh and I've got all the I need  
Right here in the passenger seat  
Oh and I can't keep my eyes on the road  
Knowing that she's inches from me

Oh and I know this love grow

Oh I've got all the I need  
Right here in the passenger seat  
Oh and I can't keep my eyes on the road  
Knowing that she's inches from me

And I've got all that I need  
Right here in the passenger seat  
Oh and I can't keep my eyes on the road  
Knowing that she's inches from me

And I've got all that I need  
Right here in the passenger seat

Oh and I can't keep my eyes on the road  
Knowing that she's inches from me

And I've got all that I need  
Right here in the passenger seat
