I look at her and have to smile
As we go driving for a while
her hair blowing in the open window of my car
and as we go, i see the lights,
i watch them glimmer in her eyes
In the darkness of the evening

And I've got all that I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

We stop to get something to drink
my mind clouds and I can't think
scared to death to say I love her
then the moon peeks from the clouds
In hear my heart it beats so loud
try to tell her simply...

That I've got all the I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

Oh and I've got all the I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

I know, this love grow

Oh I've got all the I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

And I've got all that I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

And I've got all that I need
Right here in the passenger seat
Oh and I can't keep my eyes on the road
Knowing that she's inches from me

And I've got all that I need
Right here in the passenger seat
