Unraveled

I knew it'd be like this someday.

It turns out someday's not so far away.

Now I'm falling down,

I know you'd catch me but you're not around

Chorus:

So when it's all unraveled at the end of my road

Would you, burn it on the side?

And it won't be easy but I'll do my best

When it's time to say goodbye

And all the things will live

Living me with only memories

You are too good to be true, but then...

I could have sworn that it was meant to be

Repeat Chorus.

And I'm all unraveled at the end of my road but I'm...

Hangin' on for life..

And it isn't easy but I'm standing here

Til you... make me say to you

Make me say to...

Make me say...

Goodbye..
