At first it was not
easy I could
hardly decide
if there's a
place in my head
for you and your life
I don't know why you
always try to deny
this intensively
journey of two bodies
with one mind
so put your hand
between my legs
and I'm sure
I'm going to a high

I thought you
wouldn't see me
but then I saw your smile
I had these thing
in my head going
on for some time
my hands were
trembling so there's
no losing time
I don't know why
you always try to deny
this intensively
journey of two bodies
with one mind.

So put your hands
between my legs
and I'm sure
I'm going to a high (2x).

Naked I will - naked high
I'm sure
I'm going to a high
