Red by Dizzy Man's Band  
I've read it all, it's black and white  
The spectrum made a shade I like  
The crimson rays are ruby bright  
Oh, technicolor light

(Red, red!) I want red  
There's no substitute for red  
(Red, red!) Paint it red  
Green ain't mean compared to red

You don't know what it does to me  
My crimson shared intensity  
I'm haunted by the mystery  
Oh, mystery of red

(Red, red!) Red knocks 'em dead  
Some like it hot, I like it read

Red's my lover, got it covered  
Red's my number, sure as a coma  
Red's my drummer, can't break thunder  
Move over brother, red's a mother, yeah, yeah, yeah

(Red, red!) Oh, oh, red  
(Red, red!) Don't go to bed, take over

(Red, red!) Red!  
Yeah, yeah, yeah  
(Red, red!) Oh, gimme' that expensive spread

(Red, red!) That's what I said, what I said  
(Red, red!) Come on to bed, come on

(Red, red!) Red, red!  
(Red, red!) Move over, move over, move over, move  
over, move
