Hey girl, how's by you
Sing your rock and roll
Sing your blues
But I'm all right, you know I pay my dues
I got 'em comin' to me
You got 'em comin' to you

I'm gonna try again
Don't matter if I win or lose
Gonna try again anyway, yes I'm
Gonna try again anyway, yes I will

But I know you
You gonna be so cool
Ain't gonna try no sweet talkin'
I ain't no fool

But I know you love me girl
Just like I love you
Got my feet on the ground
I know what I got to do

I'm gonna try again
Don't matter if I win or lose
Gonna try again anyway, yes I will
Gonna try again anyway, yes I will

Do you know where you're goin'?
Honey where have you been?
Do you see this games they're playin'?
Do you really believe you can win?

I'm gonna try again
Don't matter if I win or lose
Gonna try again anyway, yes I will
Gonna try again anyway, yes I will
