I think of the two of us  
And how we both came to trust  
In each other and how we both have grown

Suddenly you're afraid  
And letting it slip away  
Just you remember we're  
We're a very special love

Can't let go, can't let go  
You and me is all I know  
It took a lot of love to  
Get us to this place

Can't let go, can't let go  
I just keep holdin' on  
Tell this impatient heart  
This is no mistake

So much for promises  
And what you think love is  
Maybe time will find you what you need

Slow down  
Things go through change  
And pleasure can come from pain  
Here's a memory  
Of where we both belong

Didn't it work  
For us so long?  
Together we'll find  
What's gone

Can't let go, can't let go  
You and me is all I know  
It took a lot of love to  
Get us to this place

Can't let go, can't let go  
I just keep holdin' on  
Tell this impatient heart

This is no mistake
