I was again in Florida
Cruisin' with my crowd
Over by Datona we done heard
The most awesome sound

Went out to the speedway
What was this about?
The meanest looking cars you ever seen
Running flat out

Drivin' thunder
Rollin' down the race track
Drivin' thunder
You can't ever relax

All set up to go
Just one way to go
Stick your foot in it
Clear to the floorboard

Me I got right in it
Inside them old boys' head
Do I need a splash of gas?
How much time do I have left?

The car is feelin' good now
I got my quickest line
Stickin' back just loosen up
Took 4 seconds off the best lap time

Drivin' thunder
Rollin' down the race track
Drivin' thunder
Can't ever relax

All set up to go
Just one way to go
Stick your foot in it
Clear to the floorboard

Drivin' thunder, drivin' thunder
Drivin' thunder, drivin' thunder

Don't ever look back
Drivin' thunder, drivin' thunder

12 seconds pit stop
The rubber and the fills
A crew that good deserves
A display of my driving skills

Draggin' on the leader
Like a bird of prey
I got too much car for him
Gonna slingshot and win this race

'Cause you got drivin' thunder
Rollin' down the race track, yeah
Drivin' thunder
Can't ever relax

All set up to go
Just one way to go
Stick your foot in it
Clear to the floorboard

Drivin' thunder, drivin' thunder
Drivin' thunder, drivin' thunder
Drivin' thunder, drivin' thunder
Drivin' thunder
