There are places I remember all my life  
Though some have changed  
Some for ever not for better  
Some have gone and some remain

All these places have their moments  
With lovers and friends I still can recall  
Some are dead and some are living  
In my life, I've loved them all

And of all these friends and lovers  
There is no one compares with you  
And these memories lose their meaning  
When I think of love as something new

Though I know I'll never ever lose affection  
For people and things that went before  
And I know I'll often stop and think about them  
In my life, I've loved you more  
In my life I've loved you more
