My angel, there she goes  
Where she comes from nobody knows  
She came walkin' quiet as a bird  
Walkin' softly with a good word

Who was I talkin' to  
Soon I must see for myself  
New love, don't run away  
I don't think you understand  
How deeply you touch me  
Yes, she does

My angel callin' me soft and low  
"Love me gentle, I've suffered and fallen so low"  
Can I try? Love you best I can  
Take good care of you, be your man  
Who was I talkin' to  
Soon she will see for herself  
New love don't run away  
I think she now understands  
How deeply you touch me  
Yes, she does

My angel, will she go?  
Will she move on? I just don't know  
If it happens that she has to go  
I'll be sorry but I can say that I did know

My angel, yes I did  
(My angel, yeah yeah yeah)
