Stills

There's a woman that we ought to know  
And she's coming, singing soft and low  
Singing soft and low, she's a joy to know.

'Neath the shadow of a soothing hand  
I am free there just to make my plans  
Dream of faraway lands, anything close at hand.

And she will follow me wide, do you know ?  
Familiar places she's been by, that I know  
Could it be she don't have to try ?

And tomorrow, she's a friend of mine  
The sorrow, I see her face is lined  
She's no longer blind, she's just hard to find.
