making eye contact with a shorty in the club (club)
body language is saying she wanna to see what's up
(what's up)
but i can't do it cos it would be foolish
when i got somebody home that i love
i know if the tables turn i know she'll hold me down
but i can't lie part of me wanna see what she's talking
bout
and when we got closer and closer
to each other and that's when i told her

don't you know i got a girl
and i don't think that i could ever leave her (oh no)
don't you know i got a girl (i do yeah)
easy baby you're giving me amnesia (oh no)
and i just can't forget about her (oh no)
can't just forget about her (oh no)
ok even though you're fly i just can't forget about her
what am i gonna say when she calls out for me
that i had amnesia, i had amnesia (no)

and i don't wanna take that chance
if she find out i may never get her back
and i know i can't handle it
if i lose my girl creeping with some random chick
and i know if the tables turn i know she'll hold me down
but i can't lie part of me wanna see what she's talking
bout
we got closer and closer
to each other and that's when i told her

don't you know i got a girl
and i don't think that i could ever leave her (no)
don't you know i got a girl (i do)
easy baby you're giving me amnesia (oh no)
and i just can't forget about her (no i can't)
can't just forget about her (said no i can't)
ok even though you're fly i just can't forget about her
what am i gonna say when she calls out for me
that i had amnesia, i had amnesia (no)

she said don't try hate the player hate the game
after i'm done you won't even remember her name
cos she said (oooh ooh whoa)
if you take me home and (?)
and i said girl you're doing it i can't lie
but i can't stand the sound to hear my baby cry
when we got closer and closer
to each other and that's when i told her

don't you know i got a girl
and i don't think that i could ever leave her (?)
don't you know i got a girl
easy baby you're giving me amnesia (take it easy)
and i just can't forget about her (i can't)
can't just forget about her (i can't)
ok even though you're fly i just can't forget about her
(even though you're fly)
what am i gonna say when she calls out for me
that i had amnesia, i had amnesia (no)
