you watching me like im a movie boy
but you wont come on closer to me boy.
its getting late and i can understand
why you wont come over and take my hand

Dont you know how close music can bring us.
you keep hesitating watch me slip through your fingers.
just right before the lights come on the room.
lets believe i will be gone so watcha wanna do.

[chorus]

You keep looking like u wanna get next to me
i just cant believe how you hesitate
better make a movie before it gets too late.
you gone be so mad if you hesitate.
nothing i can do if you hesitate.
but you gone be soo mad if you hesitate.

And in fact there's no need to explain it boy.
because i can read your body language boy.
you bet i know just what your sayin yeah.
but imma disappear if you keep playing games.

betta get the back above the wall
gotta make your movie before im long gone
betta get the back above the wall

gotta make your movie before im long gone
