Man sick and fucking tired of living is fucking life
Cause his fucking head is full of fucking Memorise of
his fucking life
Man sick and fucking tired of living is fucking life
Cause his fucking head is full of fucking Memorise of
his fucking life

When i fucking die,shit im talking about my fucking
death
Cause im a fucking peice of shit
Aint hard to fucking say it Cause im tired of this fucking
life
I dunno where to fucking go
In fucking heaven where's the fucking goody too
fucking goody with the fucking white fucking suite
And that fucking whit fucking toxy
Or should i fucking go to fucking Hell where your
fucking Pimpin with that fucking black fucking suite
And that fucking black fucking hoodie
In a fucking thought about it i wanna fucking go
To that fucking perfect fucking place where fucking
2Pac and fucking Biggie
Are fucking smoking that fucking Big fucking blunty
Or to that fucking place where fucking marylin fucking
monroe is showing that fucking pussy
Cause fucking god is fucking probobly a fucking real
fucking strict fucking bitch
No fucking packing fucking gats and not fucking
getting my fucking dick fucking licked
And fucking saddam or fucking whatever your fucking
name is fucking bitch
We can fucking pack gats and fucking get are fucking
dick fucking licked
And there fucking aint no fucking rules to get are
fucking ass fucking wip'd
We can fucking pack that fucking shit,fucking shoot
that fucking bitch,kill that fucking bitch
Hoe's can fucking tell uss to fucking stop that fucking
shit and we can fucking say fuck that fucking shit

Man sick and fucking tired of living is fucking life
Cause his fucking head is full of fucking Memorise of

his fucking life

I fucking cant fucking beleive fucking suicide is fucking
going through my fucking mind
Cause right fucking now something is fucking telling
me to fucking slit my fucking wrist
And fucking end my fucking life with all this fucking
bullshit going on
I just fucking want won fucking thing at my fucking
memorial
To fucking get my fucking face and fucking Pablo
fucking written on a fucking big fucking wall
And that fucking song When Im fucking Gone
I fucking wonder if i fucking die
If my fucking eye's are fucking gona fucking cry
I fucking hope i fucking die,Its only a fucking worthless
fucking life
Fucking gone and fucking nobody is fucking gona
fucking miss it
Cause im fucking just a fucking peice of fucking shit
I wanna fucking die and fucking come a fucking black
fucking guy
So when i fucking wear fucking bagy fucking close
Fucking nobody would fucking call me a fucking poser
Or a fucking wiger
I fucking wanna fucking be gone
Cause there's a fucking paper saying that your fucking
done
When i was fucking young my PERANTS fucking kiss'd
me lots of fucking time's
These fucking days im fucking coming fucking drunk
and fucking stoned
At fucking home fucking sometimes
So thats fucking why the fucking memorise are fucking
killing me
So fucking please somebody fucking load that fucking
gat fucking pull that fucking triger and fucking kill me
I fucking wonder if i fucking die,if my FRIENDS are
fucking gona fucking cry
Or there only fucking using me for the fucking laughing
that im fucking trying
I fucking wonder if my BEAUTY FAMILY thaught of
fucking given me a fucking abortion
If they fucking did they fucking didnt make that
fucking good fucking disision
Cause im fucking still fucking Livin

Man sick and fucking tired of living is fucking life
Cause his fucking head is full of fucking Memorise of
his fucking life
Man sick and fucking tired of living is fucking life

Cause his fucking head is full of fucking Memorise of
his fucking life

That's what fucking happens when your fucking doing
fucking good

And that fucking won fucking day fucking somebody
fucking offers u a fucking duby

And u fucking feel so fucking stoned

That you fucking pass fucking out on the fucking
ground

Everybody is fucking laughing at you fucking saying
whats fucking going on

And your fucking lying fucking there fucking dead

When i fucking mean fucking dead i mean fucking
grave fucking yard fucking dead (fucking
dead,fucking dead,fucking dead)
