What you say to drive that girl away  
When she's the one and only?  
Who's the one that you been leanin' on  
Every time that you were down and lonely?

How many times did you say to yourself  
That woman is the devil's tool?  
Somehow you knew that you blew it again  
And didn't wanna look like a ravin' fool

But when you need affection  
You go to her with a smilin' face  
But now she's got a strange reaction

For ladies only  
Tired of talkin' till somebody hears  
For ladies only  
Half the world has been built upon their tears

If you've been contemplatin' just what you're doin'  
wrong  
Then you will be a witness to the rumble goin' on  
You fight it hard to tell apart the truth from the jive  
They've got a right to say it wrong if freedom's to  
survive

Now if you don't believe your own reflection  
Just take a look at all your smooth talkin' friends  
I'm sure you'll make the right connection

For ladies only  
Too much waitin' for too many years  
For ladies only  
Half the world has been built upon their tears

I'll give you my donation to help the cause along  
I'll make my contribution till the fight has been won  
But when my bedroom closes, one thing remains  
Man, woman, hog or dog, I'm callin' the plays

And if you find the need to raise objections  
Don't talk to me 'bout your wasted time

You know you made your own selections

For ladies only

Too much waitin' for too many years

For ladies only

Half the world has been built on their tears

For ladies only

Tired of talkin' till somebody hears

For ladies only

Half the world has been built on their tears

For ladies only

Too much waitin' for too many years

For ladies only

Half the world has been built on their tears

For ladies only

Tired of talkin' till somebody hears

For ladies only
