So, once again I hurt someone
Because I found out that she's not the one I'm looking
for
So, once again I blame someone
Because I know that she can't use the love I have in
store

And now she's gone
And I'm glad her story ends
Still I wish I had been kinder
We could have parted just like friends

So, one more time I've played
Lost the game
Another face in the past
Without a name

Back in the night
To find a light
And hoping this time
I'll be right

I know you don't know me
But I need your company
Don't wanna be alone tonight
You can trust me girl, you'll be alright

Looked at me
With big brown eyes
She said, "Yes"
To my surprise

And now I call her in the morning
And I see her every night
I see her in the evening
And when I'm with her, I'm alright
