Here I am just longing for you once again,
If your arms would only let me in,
You'd see the mess I'm in,
I have dreamed your heart will come and rescue me,
Oh baby set me free,
Only your love can win,

You are only a heartbeat away,
Baby and my love one day will find you it will remind
you,
When it comes your way oh when it comes your way.

Here I am my heart in the palm of your hand,
Your every wish is my command,
Darling understand,
If I live a lie,
Then all my dreams are doomed to die,
Oh baby just let me try,
To have my heart's desire.
You are only a heartbeat away,
Baby and my love one day will find you it will remind
you,
When it comes your way oh when it comes your way,
Ooh but my feelings are in vain,
Just like feelings they won't go away,
My love remains,
In my heart we'll always stay.

You are only a heartbeat away baby,
And my love one day will find you,
It will remind you,
When it comes your way oh when it comes your way,
You are always in my heart to stay baby,
Love comes once in a lifetime,
I think its high time,
Our hearts beat as one,
Our hearts beat as one.
