Here and now I wanna be the one for you  
In everything you want me to  
Cos I couldn't live if were apart

time is running out on you and me  
Cos nothings what it used to be  
I guess I'm the only one to blame  
But I promise you to make it right  
Forget all the sorrows you bear within tonight  
Believe in me when I say

Here and now I wanna be the one for you  
In everything you want me to  
Cos I couldn't live if were apart

Say there is something I can do  
If I can make it up to you  
For every time I let you down  
And I promise you to make it right  
Forget all the sorrows you bear within tonight  
Believe in me when I say  
Here and now I wanna be the one for you  
In everything you want me to  
Cos I couldn't live if were  
apart

Here and now lets tear down the walls together  
it's better late than never  
I know that we could find a way here and now  
Ill be there for you

Here and now I wanna be the one for you  
In everything you want me to  
Cos I couldn't live if were  
apart

Here and now I wanna be the one for you  
In everything you want me to  
Cos I couldn't live if were  
apart  
Here and now I wanna fall in love again  
And try to be the best I can

So give me a chance to win your heart
