Only in my dreams, i'm living without you
Givin' my heart to somebody new

It never should have been this way
You know we almost had it made
With feelings so right how wrong could i be?
(That was then) and now there's not a day i live
(can't pretend) there's anything i wouldnt give

'cos now you're gone, i'm standing still in time
I should be moving on, leaving you behind

Only in my dreams, i'm living without you
Givin' my heart to somebody new
And i could make believe, i'm getting over you
But that's just the part i can't seem to do
an' i can still pretend
This broken heart will mend
But only in my dreams

(i was wrong) i never should have shied away
(holdin' on) to tender words i should 'a' said
A lesson well learnt but i learned it too late
(Now you're gone) how am i supposed to live
When my heart is no longer mine to give
It's locked in the past
Can't go back it's a cruel twist of fate

'cos now you're gone, i'm standing still in time
I should be moving on, leaving you behind

only in my dreams, i'm living without you
Givin' my heart to somebody new
And i could make believe, i'm getting over you
But that's just the part i can't seem to do
an' i can still pretend
This broken heart will mend
But only in my dreams

So i guess i'll keep dreamin'
Maybe one day i'll let you go

but seeing is believing
i've got to let you know

only in my dreams, i'm living without you
Givin' my heart to somebody new
And i could make believe, i'm getting over you
But that's just the part i can't seem to do
an' i can still pretend
This broken heart will mend
But only in my dreams X2
