But only in my dreams I'm living without you
Giving my heart to somebody new

It never should have been this way
You know we almost had it made
With feelings so right

How wrong could I be?
(That was then)
Now there's not a day I live
(Can't pretend)
There's anything I wouldn't give

'Cause now you're gone
I'm standing still in time
I should be moving on
Leaving you behind

But only in my dreams I'm living without you
Giving my heart to somebody new
And I could make believe, I'm getting over you
(But that's the part I can't seem to do)

And I can still pretend
This broken heart will mend
(But it's only in my dreams)

(I was wrong)
I never shoulda shied away
(Holding on)
Tender words I shoulda said

A lesson well learnt
But I learned it too late
(Now you're gone)
How am I supposed to live
When my heart's no longer mine to give?

It's locked in the past
Can't go back, it's a cruel twist of faith
(Cruel twist of faith)
And now you're gone

There's no good in goodbye
I should keep moving on
Leaving it behind

But only in my dreams I'm living without you
Giving my heart to somebody new
And I could make believe, I'm getting over you
(But that's the part I can't seem to do)

And I can still pretend
This broken heart will mend
(But it's only in my dreams)

So, I guess I'll keep dreaming
Maybe one day I'll let you go
But seeing is believing
I've got to let you know

In my dreams, I'm without you
I give my heart to someone new
Make believe, I'm over you

In my dreams, I'm without you
I give my heart to someone new
Make believe, I'm over you
